

2019 Equipment Calibration Checklist
NSF Class II Biosafety Cabinet Field Certifier Accreditation Program

Name _____
NSF # _____

Please write the corresponding number from the table in the upper right-hand corner of each calibration report submitted to NSF (attach calibration records to this sheet). Field certifiers that renewed their accreditation this year by taking the examinations, need to submit all calibration records for equipment listed. If you borrowed, or rented equipment for worker comfort related testing, please state all required information. Field certifiers that have at least one year left on their NSF Accreditation can disregard equipment for worker comfort / safety (Std. 49 F.1.2).

Equipment	Manufacturer	Model #	Serial #	Calibration Date	New Equipment (Y/N)
1) Thermal Anemometer					
2) Direct Airflow Reading Instrument					
3) Aerosol Photometer					
4) Aerosol Generator - Pressure Gauge					
5) Air Compressor - Pressure Gauge					
6) Micro-ohmmeter *					
7) Light meter *					
8) Vibration Analyzer *					
9) Vibration Calibrator *					
10) Sound Level Meter *					
11) Sound Level Calibrator *					
12) Biosafety Cabinet Label denoting certification of cabinet	N/A	N/A	N/A	N/A	

The completed table must be returned to NSF International, Attn: Leah Pollard, 789 N. Dixboro Road, Ann Arbor, MI 48105 by **Tuesday, April 30, 2019**.
