

FOOD LABELING SERVICES

Are you creating a new food or dietary supplement product and want to ensure the label is compliant with the regulations of the Food and Drug Administration (FDA), and the U.S. Department of Agriculture (USDA)?

Do you need to create a compliant Nutrition Facts label?

Do you want to export your product to Canada and need your label to be compliant with Canada's regulations? Or import your product from Canada and need your label to be compliant with U.S. regulations?

NSF can help you in all these scenarios, and many more.

OUR SERVICE OFFERINGS INCLUDE:

- > Nutrition profiles by database calculation or external laboratory analysis
- > Compliant Nutrition Facts label for your packaged product
- > Content for your food labels (ingredient lists, Nutrition Facts label, allergen statements of identity, etc.)
- > Full label reviews to ensure compliance with Canadian or U.S. food regulations
- > Advice on nutrient content and health claims
- > Full label reviews for dietary supplements including compliant claims and generation of Supplement Facts tables
- > Ongoing regulatory assistance for Canadian or U.S. food regulations
