SUSTAINABILITY SERVICES FOR REGENERATIVE AGRICULTURE

There are many aspects to consider when implementing regenerative agriculture into your supply chain. To support the integration of regenerative practices across your entire supply chain, NSF offers the following services.

SUPPLY CHAIN

CROP/COMMODITY
- Benchmarking
- Traceability and Transparency
- Risk and Opportunity Assessment

ON-FARM
- GAP Analysis of Regenerative Practices
- Farmer Training and Engagement
- Prepare for Certification or Verification

PROCESSING & DISTRIBUTION
- Prioritize ingredients and suppliers
- Identify key product opportunities
- Prepare for Certification or Verification

RETAIL
- Regenerative Strategy Workshop
- Create and implement procurement goals
- Set suppliers up for success

CORPORATE
- Regenerative Strategy Workshop
- Implementation Roadmap
- Stakeholder Engagement
