APPLICATION FOR CERTIFICATION

Please ensure that the relevant Sections of the Application Form are completed IN FULL prior to submission of any test samples. Completed application forms should be submitted to the Account Management Team via email or posted to the address below.

IMPORTANT

Please use a separate Application Form for each generic type product range.

All work undertaken is subject to NSF Wales Terms and Conditions.

An application for certification comprises:

- A completed Application Form
- Completed Schedule of Materials
- Itemised Schematics
- Installation Manuals

If extra space for any section of this form is required, please attach an extra sheet clearly indicating the name of the applicant, product name, section and page number to which it refers.

Please note that estimate costings can be provided, but may be subject to change upon receipt of the application.

If you require assistance completing your Application Form or have any queries, please contact:
Paul Taylor (Certification Director) at ptaylor@nsf.org or the Account Management Team via the following:

NSF International
Unit 30 Fern Close
Pen-y-Fan Industrial Estate
Oakdale
Gwent
NP11 3EH
UK

Tel: +44 (0) 1495 236 260
Email: ptaylor@nsf.org
ALL SECTIONS MUST BE COMPLETED

PIGGYBACK APPROVAL? YES/NO - if yes, State original approval number:

PRODUCT INFORMATION

1. Name and Address of Applicant.

2. Name and Address of Manufacturer of product, if different from above.

3. Invoice address (Provide purchase order number if applicable), if this section is not completed the invoice will be sent to the address indicated in Section 1 above, any re-invoicing will be charged at the NSF rate.

4. Details of individual responsible for the certification of product(s) (i.e. contact for technical queries) please include telephone and email address.
   
   Name:
   
   Email:
   
   Telephone number:
5. **List valves requiring TMV3 certification;** detail differences between models.

Please include current BC/NSF certificate numbers and WRAS approval numbers if applicable. *(Note: include sufficient information to ensure that the product variations within a range can be identified), attach separate sheet if required.*

6. **The Scheme requires that manufacturers and factoring agents** (as appropriate) have in place and continue to maintain an ISO 9001 quality system that ensures that the manufactured product are of a consistent quality and that all subsequent operations have no detrimental effect. Applicants can demonstrate compliance by supplying the Scheme with a copy of a valid ISO 9001 certificate and scope of accreditation.

A ‘Primary Factor’ is a company/individual who does not manufacture the valve but only distributes an already certified valve under their own trade name, the product having only cosmetic changes (ID). **For primary factors, ISO 9001 is not required** if certain confirmations are provided, see clause 3.5 of the form TMV1.

A ‘Secondary Factor’ is a company/individual who does not manufacture the valve, but distributes an already certified valve under their own trade name. The valve having cosmetic changes (ID) and being fitted with additional components that may affect the valves performance (e.g. the addition of isolation valves, etc. not present in the original licence made by the manufacturer). Secondary factors may also mark, box and provide the installation and maintenance document. **For secondary factors, ISO 9001 is required** as well as confirmations provided, see clause 3.5 of the form TMV1.

This application is from: *(tick as appropriate):*

- A Manufacturer: □
- A Primary Factor: □ Details of original Certificate: □
- A Secondary Factor: □ Details of original Certificate: □

7. **The valves referred to in Section 5** of this application are in production? □ YES/NO
8. Ensure the following documents are attached to this application. Tick the boxes to indicate the documents are attached.

(a) General Assembly Drawings
(b) Brochures
(c) Certificates, NSF/WRAS
(d) Installation Manual
(e) ISO 9001 Certificate

For Electronic Installation and Maintenance Documents

The Scheme requests details of the web link if the Installation and Maintenance document is to be made available electronically. Please provide web link below:

………………………………………………………………………………………………………….

9. Indicate in the table below the designations of use (D 08) required for the range of valves specified in section 5. NSF will use this information to specify the samples required and the tests to be conducted. Pressure range High Pressure HP and Low Pressure LP.

10. **Marks of identification to be found on the valve**, include method of marking, i.e stamped, laser etched etc.

11. **Declare on the attached schedule of materials all components** used in the valve(s) including details of the manufacture of the non-metallic materials and components. All sections must be completed as verification that the non-metallic materials are compliant with BS 6920 needs to be made.

12. **Additional comments**, where applicable.

13. **Name of the laboratory you intend to use for testing activities**. (Note: The laboratory must be registered with NSF. Details of the registered laboratories are detailed in the document TMV1).

I have read and I understand and accept the instructions, terms and conditions and fees set out in Form TMV1 and the NSF Wales Terms and Conditions.
